EX-OFFICIO MEMBERS

Agency/Department	Representative	Feb	April	June	Aug	Oct	Dec
South Central Region EMS & Trauma Care Council	April Borbon			X	Canceled	X	X
Yakima Health District – Emergency Response Coordinator	Andy Wilson		X				X

It is the responsibility of the representative to contact his/her alternate when he/she is unable to attend the meeting.

By-Law, Article III

1.1 Each seat will select one representative and one alternate to the Board of Directors. Each seat will be permitted one representative with one vote. Alternates vote in the absence of the regular representative. All members of the Board of Directors shall be selected prior to the annual meeting for the coming year.

1. **Roll call** with 14 members present, 12 representatives, 2 alternates and 2 ex-officio member. No alternates were voting at this meeting (Per By-laws Article V, Officers/Committee 5.0 Chairperson "The council Chairperson shall vote only in the case of a tie vote." Therefore, his/her alternate would be the voting member).

2. **Guests**: none

3. **Approval and correction of minutes**.
   Ken Eakin made a motion was made to approve the minutes from October 3, 2024, and Wayne Guckert seconded. Motion passed.

4. **Correspondence – none**.

5. **Committee Reports**
   Medical Control: Kevin Hodges
   Dr. Hodges reported that he is approaching the State regarding the Protocol approval.

   Regional Council: Dave Lynde
   - Regional Work Plan is on track to be completed.
   - The PCPs (Patient Care Procedures) have been submitted to state and are awaiting approval. We will need to look at new PCP for Trauma Triage Tool.
   - 2025-2027 Regional plan out for review. Need County updates and comments back before the January meeting as we will be finalizing and submitting to state.
   - We had a presentation on WATrac (copy attached to email with draft minutes).
   - Reminder for all to complete OPMA (Open Government Training) Training. This needs to be done every 4 years and within 90 days if you have not had it. It can be found at this link: https://www.atg.wa.gov/open-government-training

   Steering Committee
   The Steering Committee met on November 20, 2024.
   - New members from the South Central Region are Dr. Kevin Hodges, MPD and Sarah Dowen from MultiCare Memorial.
   - The meeting dates for 2025 are: January 15, March 19, May 21, September 17 and November 19.
   - Dr. Shaw, who is the Secretary of Health, will be stepping down so they expect some major changes when the new leaders review and realign the current work of the department.
   - The new legislative session will start in January; it will be a long session this year. They have submitted the funding package to the legislature which includes funding requests for a new trauma registry and office support, but Catie said they are looking at "a dire fiscal environment"

for the upcoming year. She also reviewed their priorities (rules implementation, trauma services assessment, opioid program, rural EMS workforce grant, and the new licensing system).

- Trauma Services Assessment update: This project is ongoing and should be finished towards summer.

- Trauma Registry update: They still need hospitals to submit all their backlogged data; 13 hospitals still have data to submit to the registry. They will ask the regions to follow up with these hospitals about submitting their data. Part of the legislative request by the department was funding to develop a new registry as ESO will be sunsetting the current registry soon.

- The Hospital TAC plans to open just the WAC rules that pertain to the trauma registry to update them. The group discussed the standard data dictionary.

RAC (Regional Advisory Committee)
The committee met on November 18, 2024.

- DOH Updates: Martravia Reed is the new admin assistant in the EMS section. Scott asked that all region plans include work around the trauma service assessment (nothing specific yet, so general strategies and objectives).

- Rural EMS Grant Update: Dawn Felt gave a quick overview of the Rural EMS grant. The grant has been renewed, and it will support a continuation of the QI programs developed in a handful of rural agencies (in our regions: Columbia #3, Cathlamet Fire, Kittitas #1, Cowlitz-Skamania #7). The program developed a QI program and outlined KPIs in several areas including trauma patients, ACS, CVA/TIA, and housing status. All these areas have shown improvement since the beginning of this project. They also created a Rural EMS SharePoint site.

- Patient Care Procedures: The group reviewed the PCPs update timeline. There was discussion about the new Trauma Triage Tool PCP format. Regions should be working on the TTT PCP first. Then the next PCP to be updated will be the 'transport to behavioral health facilities' PCP. The new format PCPs need to include everything in the format guidance.

SunComm: Erica McNamara
We went live October 15th with ProQA and it is going well. Over the last 7 weeks, we have had 2300 run through the program. This is more than was anticipated.

- What we are finding is that we have a high level of overdose calls, which we all knew, but now we have the data to show this.
- We also have a high number of ECHO calls, and these are much higher than the national average. These are the high acuity calls, such as CPR in progress.
- The other anomaly is the high number of man down calls. This is when someone drives by, calls 911 because they see someone down on the ground.

Department of EMS: Tony Miller/Jeremy Rodriguez
Jeremy Rodriguez reported:

- **Fall EMT Course**
  The Fall EMT Course is wrapping up. Saturday, December 7th is the Putting it All Together day and is our final practical. The final written exam will be on either Tuesday, December 10th or Thursday, December 12th, depending on how class votes.
  The changes we implemented have been working well and we will have more changes coming for the next course.

- **Winter EMT Course**
  We have 21 students in the Winter EMT course currently. The CPR Day and orientation day are done. The students are working in the textbooks (JBLearning) and Ninth Brain. The first day of class is January 2nd.

- **OTEP**
  Module 1 is complete for 2025. The scenarios are written for the workshops, but need to be flushed out some more and it will be done.
  Module 2 has been started and will be on Cardiac & Toxicology. We are adding a CQI portion to the module. The goal is to bring CQI to the fire departments far more than it has been in the past. Call review is important on a number of levels. A lot of amazing providers who do not get recognition and CQI is a prime opportunity for us to recognize the work that is taking place. And, if there are tips for success, we can give along the way it just makes things better. The goal is to improve patient care.

Tony Miller reported:

- **EMS Administrative Board**
  The Administrative Board approved hiring another person for the EMS office. The position will open on December 16th. This person will be a full time instructor/data person and will be doing other things for the office as well. The goal is to have this person start no later than February 1st.

- **Trauma MCI Truck**
  Tony went to Alabama and picked up our new MCI truck. The goal is to have it in service by 2/1/2025. We will take it out to departments, as requested, to show how it will work, what is on it etcetera.

Yakima Health District: Andy Wilson

- We are currently monitoring and maintaining situational awareness of H5N1 and Mpox (previously called “Monkey Pox”)
  There is a new virus reported in the Congo that has affected a lot of people. We are keeping an eye on that.
- Locally we are updating our overdose data and working on a map of locations.
  We are no longer screening for travel to Rwanda.
  We have partnered with the Yakima HazMat Team, as they have a drone with Air Quality sensors. The goal is to have better reporting on air quality.

6. Old Business:

A. **Nominations Committee – Candidate(s) for Chair Elect and Secretary – Dave Lynde**
Vice Chair from 2024 will be Chair for 2025 and it is Sarah Downen
Vice Chair will be Dave Lynde for 2025
Secretary will be Diane Koch for 2025

Per Roberts Rules, it was asked 3 times if there were any other nominations. None were presented. Tony Miller made a motion to approve the nominations and appoint the individuals to the positions they were nominated for, seconded by Ken Eakin. Motion approved.

B. **SALT Triage Tag Purchase – Jeremy Rodriguez**
It is currently in progress. We have ordered 2000 and will order another 2000 after the first of the year. As the instructors go out to do training, they will bring new tags. You can gather your old tags, and we will replace them with the new tags.

7. New Business
None.

8. Good of the Order:
Dave Lynde reported that during the presentation from WA Tracs, they have questions on the EMS side of things and are interested in feedback and what you would like to see. They are also looking for Board Members.

WA Tracs is the system that the hospitals in the State use to put in bed counts. This is supposed to be live. It also allows them to put in information such as going on divert and why they are going on divert. In addition, they can add information like “lacking trauma surgeon”, “MIR down” etcetera.

The goal is to customize it, so it is valuable for both EMS and hospitals. The system is used regularly on the west side and in Spokane. If you are interested in being part of this there are opportunities to be on the Sounding Board which will be making decisions for WA Tracs.

9. NEXT MEETING – February 6, 2025, at 14:30

Zoom Details:
Topic: Yakima County EMS Council (aka Yakima County EMS & Trauma Care Council)
Time: Feb 6, 2025, 02:30 PM Pacific Time (US and Canada)
April 3, 2025, 02:30 PM Pacific Time (US and Canada)
June 5, 2025, 02:30 PM Pacific Time (US and Canada)
August 7, 2025, 02:30 PM Pacific Time (US and Canada)
October 2, 2025, 02:30 PM Pacific Time (US and Canada)
Dec 4, 2025, 02:30 PM Pacific Time (US and Canada)
